

**Dr. C. R. Mehta**

He is a distinguished agricultural engineer and currently serves as the Director of the ICAR–Central Institute of Agricultural Engineering (CIAE), Bhopal. With over three decades of experience in agricultural machinery, ergonomics, and farm mechanization, he has made significant contributions to advancing engineering solutions for Indian agriculture. A Ph.D. graduate from IIT Kharagpur, Dr. Mehta has held several key scientific and leadership roles within the Indian Council of Agricultural Research, guiding major national programmes and innovative projects. Widely published and respected in his field, he continues to lead ICAR-CIAE in developing modern, efficient, and farmer-centric technologies for sustainable agricultural growth.
